**INFORMATION REGARDING  
MEMORANDUM NO. 150  
"SCHOOL FOOD AND BEVERAGE POLICY"**

### To School Staff And or Organizers,

Beginning September 2011 Memorandum No. 150, "School Food and Beverage Policy" will be in effect. Gino's has worked hard to ensure that your school receives the best and the healthiest pizza possible. Not only have we met the guidelines, but we have far exceeded them without any compromise to our product. If you compare our nutritionalsto our competitors, you will find that we rank on top in 4 key categories.

When it comes to pizza, the guidelines set forth by the Ontario Ministry of Education states that a slice portion must meet ALL of the following criteria:

- 1) Contain LESS or equal to 10 grams of Fat
- 2) Contain LESS or equal to 5 grams of Saturated Fat
- 3) Contain LESS or equal to 900mg of Sodium
- 4) Contain MORE or equal to 2 grams of Fibre
- 5) Contain MORE or equal to 10 grams of Protein

### Category: Fat - (The lower grams of fat, the better)

PIZZA (white wheat crust)	SERVING SIZE (g) per slice:	FAT (g)	REQUIREMENTS
CHEESE	114.73	5.06	<= 10 grams
CHEESE, PEPPERONI	122.94	5.72	<= 10 grams

**Category: Saturated Fat - (The lower grams of saturated fat, the better)**

PIZZA (white wheat crust)	SERVING SIZE (g) per slice:	SATURATED FAT (g)	REQUIREMENTS
CHEESE	114.73	2.84	<= 5 grams
CHEESE, PEPPERONI	122.94	3.09	<= 5 grams

**Category: Sodium - (The lower grams of sodium, the better)**

PIZZA (white wheat crust)	SERVING SIZE (g) per slice:	SODIUM (g)	REQUIREMENTS
CHEESE	114.73	487.75	<= 900 grams
CHEESE, PEPPERONI	122.94	527.13	<= 900 grams

**Category: Fibret - (The higher grams of fibre, the better)**

PIZZA (white wheat crust)	SERVING SIZE (g) per slice:	FIBRE (g)	REQUIREMENTS
CHEESE	114.73	3.06	<= 2 grams
CHEESE, PEPPERONI	122.94	3.06	<= 2 grams

**Category: Protein - (The higher grams of protein, the better)**

PIZZA (white wheat crust)	SERVING SIZE (g) per slice:	PROTEIN (g)	REQUIREMENTS
CHEESE	114.73	2.84	<= 10 grams
CHEESE, PEPPERONI	122.94	3.09	<= 10 grams

## SO, WHY CHOOSE GINO'S PIZZA?

- Gino's ranks number one in the 4 key categories when compared to most of its major competitors.
- Gino's uses a healthier pepperoni (for its school pizza day pizza program) that is made from turkey. Turkey has the same great taste and less fat compared to pepperoni which is made from beef or pork. If you prefer, we can also use our traditional pepperoni, which qualifies under the School food and beverage policy. ask to see our summary sheet)
- Gino's can also cater to schools wanting to order multi-grain or those that may require gluten free crust.
- Gino's has the ability to custom make your pizzas to suit your needs. If you would like a pizza with lower sodium, Gino's is able to provide that to you. Many other chains do not have this flexibility.
- Gino's will assist you in many ways to help raise money for your school such as School Appreciation Days, Parents Pizza Nights, and our popular mountain bike incentive program.

Re: Gino's Pizza® and PPM 150, School Food and Beverage Policy

This letter is to certify that as a Registered Dietitian, I have reviewed Gino's Pizza nutrition analysis (see attached) and affirm that Gino's Pizza® school pizza slices are in compliance with the nutrition standards of PPM 150, *School Food and Beverage Policy*.

In addition, the pizza slices comply with the Trans Fat Regulations outlined in Bill 8, the *Healthy Food for Healthy Schools Act, 2008*.

As such, Gino's Pizza® school pizza cheese slice, turkey pepperoni slice and pepperoni pizza slice on white whole wheat or white whole wheat blend, in standard serving size (see attached) comply with the **Sell Most** criteria of PPM 150.

Sincerely

Shannon Crocker, MSc, RD  
Crocker Consulting

Attach: Nutrition Facts Tables From Gino's Pizza®

NOTE: This letter supports compliance with PPM 150 for the school pizza cheese slice, turkey pepperoni slice and pepperoni slice in serving sizes specified in the attached nutrition information. This letter is valid until any changes to the pizza (recipe or serving size) or any changes to PPM 150 and the nutrition standards occur.
